## Ways to get involved with SOPHIA

Join SOPHIA! Please become a member today and support our work. Use the QR code to access our website.

### Working groups

SOPHIA's Working Groups produce important resources to advance the field of HIA. Traditionally, SOPHIA Working Groups convened at the HIA Practitioner Workshop (formerly HIA of the Americas) to define issues and priorities and collaborate between Workshops to produce resources. Two currently-meeting groups are the HiAP Working Group and the Academic Interest Working Group. There are also efforts underway to start a group for Public Health Preparedness. We welcome participation from all SOPHIA members in Working Groups! Learn more at [hiasociety.org/SOPHIA-Working-Groups](http://hiasociety.org/SOPHIA-Working-Groups).

### Committees

SOPHIA is guided by a Steering Committee that leads organizational development and implementation of member services. SOPHIA's Committees plan and implement activities to help move the organization toward fulfillment of its strategic objectives. Committees are always looking for additional participation. If you want to learn more about these committees or become involved as a member please contact Oma McLaughlin, SOPHIA Coordinator ([coordinator@hiasociety.org](mailto:coordinator@hiasociety.org)).

The *Steering Committee* is looking for a VP for member services and a treasurer. If you're interested in either of these roles or in serving in a non-officer position, please get in touch. *Growth and Partnership* needs several volunteers with development experience to research grant opportunities, potential donors, and crowdfunding. *Member Services Committee* needs volunteers to assist with various tasks. *Practitioner Workshop Committee* needs volunteers to help plan our annual workshops (like this one!).
